🚀 SKILLS

Microsoft office

AC/DC motor/Generator design, maintenance,Winding, repairing, Electrical installations, Electrical Machine maintenance, Machine automation...

Embedded system, embedded c++, embedded software, Arduino interfacing, Arduino ide

Software:- Proteus, Cisco packet tracer...

Networking infrastructure installaion, configuration, maintenance...

Web development/front end ,back end/ Coding: C++,HTML,JAVA,CSS, JS, PHP, MySQL, database MS ....

👤 PERSONAL INFORMATION

Date of Birth : 26/08/1998 GC

Nationality : Ethiopian

Gender : Male

🔤 LANGUAGES

Amharic

English

◎ SUMMARY

I'm graduated from Woldia University in electrical and computer engineering(computer engineering stream) with a passion for problem-solving on July 3, 2024 GC. I thrive on complex challenges and enjoy finding creative solutions. My skillset is diverse, encompassing. e.g., circuit design, programing languages, data analysis etc. I'm a quick learner, adaptable to new environments, and I'm confident in my ability to contribute to a team environment. I'm eager to learn and grow in this field.

🎓 EDUCATIONAL BACKGROUND

Bsc in Electrical and computer engineering (computer engineering stream)

Woldia university   2019-2024

CGPA 3.34 , EUEE 77

Grade 11-Grade 12   2017-219

Assosa general preparatory and secondary school

Grade 9 - grade 10   2014-2017

Anger wajja secondary high school

⚓ PROJECTS

Design and develop IOT based automated drip irrigation system for Woldia University

An automated drip irrigation system uses sensors to monitor soil moisture and weather, ensuring plants get only the water they need, when they need it and optimizing schedules based on real-time data. I responsible for full project.

💼 EXPERIENCE

Internship   01/07/2023 - 30/09/2023

Kombolcha textile share company

During my internship, I was in Kombolcha textile share company at computer department and Electrical workshop. My duties are electrical machine maintenances, networking maintenance, configuration, installation, computer hardware/software maintenance together with the team members.
